MOUNTAIN HARVEST

PINE POLLEN EXTRACT

CLINICAL GRADE 10:1 CONCENTRATED EXTRACT

Our Mountain Harvest Pine (*Pinus massoniana*) Pollen Extract is a clinical grade, full-spectrum, ten times concentrated extract.

This Pine Pollen is wild-harvested from remote forests at the peak of potency within a three day window once a year.

Pine Pollen has been historically used as a tonic for promoting full body health.

KEY BENEFITS

- A 10:1 (ten times), concentrated extract of RAW Pine Pollen.
- Produced using a dual stage, hydro-ethanolic hot water extraction process.
- Guaranteed wild harvested exclusively from natural, mountain-borne sources and only from the potent *Pinus massoniana* pine tree.
- It is harvested at the peak of potency, when the pine catkins are most active, within a 3-day period once a year.
- Packaged and processed in the USA in a certified organic, FDA cGMP facility.
- Pine Pollen may help restore healthy, vital levels of testosterone.

USE & INGREDIENTS

Our Mountain Harvest Pine Pollen Powdered Extract is ready to use. Simply add the desired amount to several ounces of warm water, dissolve, and enjoy. In fact, at RAW Forest Foods, that is our favorite way to use it.

Each package contains 65 grams of our Mountain Harvest Pine Pollen Powdered Extract. Never irradiated and with no fillers or drying agents—just high quality and high integrity from RAW Forest Foods.
