

RAW FOREST FOODS

MOUNTAIN HARVEST

PINE POLLEN POWDER

WILD-HARVESTED & RAW

Leveraging our long standing relationships with suppliers and working with a forest conservancy co-operative, we are proud to offer our customers this RAW Pine Pollen Powder.

Mountain Harvest Pine Pollen: RAW, wild-harvested, vital, and lightly processed to increase digestibility. Pine Pollen has been used historically as a foundational food and as a reparative tonic, supporting full body health.

\$22.95

120 Capsules

KEY BENEFITS

- Contains Mountain Harvest Pine Pollen: Completely RAW with cracked-cell walls.
- Wild-harvested just once a year at the peak of potency, gathered from remote, clean pine forests.
- Use of Pine Pollen may help promote and restore healthy levels of testosterone and endocrine function, due to its phyto-androgens, adaptogens, and nutrients.
- RAW Forest Foods is the first domestic company to offer RAW Pine Pollen.
- Packaged and processed in the USA

USE & INGREDIENTS

Our completely RAW Pine Pollen Capsules are ready to use. Suggested dosage is 2 capsules, taken twice daily or as otherwise directed.

For best results, drink on an empty stomach (when timing permits).

Each bottle contains 120 capsules of our Mountain Harvest RAW Pine Pollen Powder. Never irradiated and with no fillers or drying agents, you receive RAW Pine Pollen of the highest quality and integrity from RAW Forest Foods.
