PEAK PERFORMANCE

ESTROGEN DETOX

SUPPORT • NOURISH • REDUCE • DETOXIFY*

Through customer demand, Estrogen Detox was developed to offer an intelligent and comprehensive approach to detoxify and eliminate stored and excess estrogen. Estrogen Detox quickly became a customer favorite.

Peak Performance Estrogen Detox is our second iteration: with five additional bio-active compounds to further assist in detoxification and in supporting and nourishing the body.*

\$49.95
90 CAPSULES

KEY BENEFITS

- Developed to improve endocrine health and balance by promoting estrogen detoxification, reducing aromatization, and supporting general health.
- Includes 11 bio-active compounds that work integratively to support detoxification.
- Added liver support and support of Phase I and Phase II detoxification..
- Developed by RAW Forest Foods, the leading pro-androgenic and tonic herb authority.
- Domestically manufactured, certified non-GMO, in an FDA cGMP facility.

USE & INGREDIENTS

Peak Performance Estrogen Detox is made with 11 bio-active ingredients, all in clinically significant amounts. This product is equally suited for men and women.

Each bottle of Peak Performance Estrogen Detox contains 90 capsules, enough for a full 1 month estrogen detoxification protocol.

Peak Performance Estrogen Detox contains: Calcium D-Glucarate, Chrysin, Indole-3-carbinol, Citrus Flavonoids, Beta-Sitosterol, Green Tea Extract, DIM, Milk Thistle Seed Extract, Apigenin, Sulforaphane Glucosinolate, and Selenium.
