

RAW FOREST FOODS

PURE INDONESIAN

TONGKAT ALI

CLINICAL GRADE 200:1 CONCENTRATION

Our Pure Indonesian Tongkat Ali is made using select, wild-harvested, mature (5 year +) *Eurycoma longifolia* roots, extracted to a 200:1 concentration.

Tongkat Ali has been traditionally used as an aphrodisiac and today has been extensively studied for a wide range of benefits and effects.

Tongkat Ali is an important pro-androgenic, tonic herb.

\$39.95

120 Capsules

KEY BENEFITS

- Select harvested for optimum potency from mature (5 year +) wild Indonesian Tongkat Ali (*Eurycoma longifolia*) roots.
- Concentrated two hundred times, resulting in a clinical grade 200:1 extract.
- Another high grade, pro-androgenic product from RAW Forest Foods, the premier and trusted source.
- Packaged and processed in the USA in a certified organic, FDA cGMP facility.

USE & INGREDIENTS

Our Pure Indonesian Tongkat Ali Extract is ready to use. Suggested dosage is 2 capsules, taken twice daily or as otherwise directed. For best results, drink on an empty stomach (when timing permits).

Each bottle contains 120 capsules of our Pure Indonesian Tongkat Ali Extract. Never irradiated and with no fillers or drying agents—just high quality and high integrity from RAW Forest Foods.
