SHILIN STORE FOREST

## ELEVATED BLACK ANTS

POWDERED RAW ANTS AND 10:1 EXTRACT

One of the most important Qi and Jing tonics known, Black Ants (*Polyrhachis Vicina Roger*) offer a unique opportunity for deep nutrition and restorative wellness. At a 1:1 ratio, this product contains RAW Black Ants and a 10:1 Black Ant Extract.

Shilin Stone Forest Wild-Harvested Black Ants are produced using traditional methods, ensuring ecological and environmental balance and a truly wild, potent product.

## KEY BENEFITS

- Deep, regenerative wellness and nutrition, with Jing and Qi tonic properties.
- Contains RAW Black Ants to provide living amino acids, vitamins, minerals, enzymes and co-enzymes, combined with a strong 10:1 Black Ant Extract.
- RAW Ants are lightly processed to increase digestion.
- Wild-harvested using traditional methods.
- Ready to use—no further processing needed.
- Packaged and processed in the USA in a certified organic, FDA cGMP facility.

## USE & INGREDIENTS

Offering both Yin and Yang, Shilin Stone Forest Wild-Harvested Black Ants are deeply nutritious, and help tonify Qi and Jing. Long used as a regenerative tonic, our Wild-Harvested Black Ants contain both RAW and Extract (10:1), and are fully ready to use—simply combine with water and drink. This product has a neutral, earthy flavor.

Each package contains 65 grams of our RAW Black Ant and Black Ant Extract Blend, combined as a 1:1 ratio. Never irradiated and with no fillers or drying agents—just high quality and high integrity.
